# About Us

THOUGHTPEARL, as the name suggests is one of the finest companies, founded in 2019 in Jaipur, Rajasthan with an aim to provide 360 degrees in IT solutions honoring the requirements of the modern organizations and businesses.

## Technologies

We build on the canvas of innovation and advancement with passion and determination being our companions. Crossing the line virtually and serving our clients globally with customized products and services distinctively benchmarking the industry.

Because live ware at THOUGHTPEARL is skilled, innovative, responsible and determined with an experience of more than a decade in the industry. Visionary is the name we have been given because we serve our clients with the vision of bringing advancement in their business while adding innovation of technology known as cloud-based solutions, software development, Mobile App Development and Web design.

We always make sure to live up to our client's expectations regarding the quality and cost of the products and services offered. We Also conduct Training And Internship programs in the field of IT SERVICES for freshers and novice Students Who Are Seeking For Better Future.

# Our Leaders

## **Ankit Jain**

### **Managing Director**

Today is your opportunity to build the tomorrow you want.

Not just in literary terms but this is the real-life narrative of our young, charismatic and visionary Director, Ankit Jain.

A full stack developer having experience of more than a decade in the industry, who is very diligent and ardent in his approach.

## **Vikas Tiwari**

### **Chief Executive Office**

He always quotes "Talent wins games, but teamwork and intelligence win the championship" and we are engaging in this championship together to add value to our society as we in parts make the society whole.

He is a solid technical expert having over 10 years of experience in the field with expertise in Spring boot, Spring Framework and languages such as Java et al.

## **Sandip Sabale**

### **Chief Technical Officer**

A proactive, ingenious and realistic person, who possesses experience of almost a decade in the industry with solid and constructive expertise in Java 8+, Spring framework, Spring boot, Spring Cloud, JPA, Oracle DB, Angular and many more technologies. While widening his horizon he has also gained knowledge in DevOps Ansible for CD, Jenkins for CI, Docker and Kubernetes.

# Our Services

Take a step ahead towards advancement and lean on the most skilled, experienced and diligent workforce at ThoughtPearl.

One of the leading companies working day in and day out in the field of providing the best IT services for almost a decade.

## Software Development

Our programmers believe in ethical interaction with our clients to stamp out unnecessary confusion and improve your experience to achieve reliable, scalable, safe, productive, and efficient software solutions for any OS, browser, and device.

## Mobile App Development

Empower your business for Next-Gen applications by hiring IT services provided by the leading company ThoughtPearl, addressing all the issues regarding cost, considerations, and implementation very amicably as we have a very considerate, interactive, and experienced workforce for building Mobile applications as per the experience our client's desire.

## Web App Development

A website is not just an avenue to expand your reach to your audience and boost sales; it is also the mirror or I should say a worthy reflection of your company or business. That's why it should clearly showcase the key attributes of your company, and also should talk clearly about the solutions and services you provide to your customers.

## Cloud Solution

We at ThoughtPearl modernize workload that predict resources in real-time and consistently power application performance and manage your work complexities of runtime issues, data storage, data recovery, future advancements, strategy development, securing application, et al by providing cloud-based services and resources on globally well-known platforms AWS, AZURE, and GOOGLE

# What our clients thinks

JadenX GmbH

TP team was one of the best service provider I ever had worked with. Proactive, always delivered on time, and a joy to work with. Extremely skilled in Java. I can recommend working with them to anybody

Peakflo

Tasks that were part of the scope were completed in time and were up to the standards. If I will have more scope, I will contact ThoughtPearl team again.

Mark Russo

They were the best I worked with so far. They were very knowledgeable and super easy to communicate. They will be my first choice for the upcoming projects and would recommend them to everyone for sure. Thanks team!

Patricia Lee

TP team is professional and they can communicate very well. They are also very careful on not charging extra hours for your project. If the bug is found, they fixes them till you are satisfied. I won't mind working with them again in the future.

vAudience

We thank Team ThoughtPearl for the professional work during completion of the assigned project!

Jump Start Jonny

This is by far one of the best web developers I have ever worked with. They are so knowledgeable, so fast-working, and they can do absolutely anything you ask of them. Finding the right team for the job is not easy, so hire them because they are the best!

Punith Ganadinni

TP team has been a boon to our project. They picked up the work on our tight deadline and delivered to our satisfaction. Very approachable and humble. Always available be it late night or early morning and on there toes for any small modifications that the project needs. Never felt as if we were working with a freelancers, there communication skills are just next level. Very happy to have worked with this team. Would be working with them again very soon !!

Durgesh  
Travelodock

I am very impressed with ThoughtPearl team's skills and professionalism. They are very personable, attentive, honest, and really cared about my business. They are transparent with what needs to be done to achieve your goals and provided useful tips for my website and set up a detailed plan to work on my business goals. They are extremely knowledgeable and I highly recommended them.

Terra Virgo  
Corporation

ThoughtPearl team was a joy to work with. They are knowledgeable, hard-working and communicates well. I will be hiring them again in the future. I liked working with them.

Micah Bowie

This team knows there stuff. Are very efficient as well. They finished work in no time. One of the best developers I have worked with, very professional. I will be teaming up with them again.
